School of Graduate Studies
Presented by Marilyn L. Zimny, Ph.D., Dean

MASTER OF SCIENCE

Jennifer Pearce Carlton
Department: Pathology
Major Professor: Dr. Avery Ragan

Jeffrey Brent Robertson *
Department: Biochemistry
Major Professor: Dr. Peter Zuber

2

CANDIDATES FOR DEGREES
LSU MEDICAL CENTER
1990

DOCTOR OF PHILOSOPHY

Timothy F. Burke

Department: Pharmacology

Major Professor: Dr. Joseph Moerschbaeher

Dissertation Title: Effects of Benzodiazepines on Behavior and
Binding in the Mouse

Bangzheng Chen

Department: Biochemistry

Major Professor: Dr. S. M. Jazwinski

Dissertation Title: Aging in Budding Yeast *S. Cerevisiae*

Yongwei Chien

Department: Physiology

Major Professor: Dr. Edward D. Frohlich

Dissertation Title: Role of Atrial Natriuretic Factor in Congestive
Heart Failure

Theresa Real Cooper *

Department: Biometry

Major Professor: Dr. Robert Elston

Dissertation Title: Computational Aspects of Pedigree Linkage
Analysis

Betty Jean Dowty

Department: Physiology

Major Professor: Dr. Judy A. Spitzer

Dissertation Title: Effect of In Vivo Administration of Endotoxin on
Signal Transduction Mechanisms for Superoxide
Anion Release by Rat Alveolar Macrophages

(5)

CANDIDATES FOR DEGREES
LSU MEDICAL CENTER
1990

Jia-San Fu

Department: Pharmacology

Major Professor: Dr. Joseph Moerschbaecher

Dissertation Title: Effects of Opioids on the Acquisition and
Performance of Discriminations in Squirrel
Monkeys

Kailas Nath Nandi*

Department: Anatomy

Major Professor: Dr. John A. Beal

Dissertation Title: Spinal Neurogenesis and Axon Projection - A
Correlative Study

Quan Zhu *

Department: Biochemistry

Major Professor: Dr. Richard J. Courtney

Dissertation Title: Chemical Cross-Linking Studies of Herpes
Simplex Virus Type 1 Glycoproteins

All participants in this program, candidates for degrees, their families, and other special commencement guests are sincerely requested to honor America in the singing of OUR NATIONAL ANTHEM, the lyrics of which follow:

O say can you see by the dawn's early light
What so proudly we hailed at the twilight's last gleaming

Whose broad stripes and bright stars
Through the perilous fight

O'er the ramparts we watched
Were so gallantly streaming

And the rocket's red glare
The bomb bursting in air

Gave proof through the night
That our flag was still there

O say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave

Francis Scott Key

DR. JOAN BLONDIN

Dr. Joan Blondin is an Associate Physician in the partnership of Internal Medicine & Nephrology in Monroe, Louisiana. She is currently serving a six-year appointment to the Louisiana Board of Higher Education, the BOARD OF REGENTS. She was confirmed by the Senate in August, 1989.

Formerly, Dr. Blondin was an Associate Professor at Louisiana State University Medical Center in Shreveport from 1978 to 1989 and an Assistant Professor of Medicine at Washington University School of Medicine from 1974 to 1978.

Dr. Blondin received her B.S. degree from Louisiana Tech University, her Master of Nursing Science degree from Cornell University in New York and her Doctor of Medicine degree from Louisiana State University School of Medicine in New Orleans. Dr. Blondin completed her internship and residency in Medicine at Barnes Hospital in St. Louis, Missouri.

Prior to medical school, Dr. Blondin was an Assistant Specialist in Nutrition at LSU, a Research Associate in Nutrition at Cornell University and an Instructor in Nutrition at the University of Alabama.

Dr. Blondin has the distinction of membership in Alpha Omega Alpha, Phi Kappa Phi and Sigma Xi Honor Societies. She is a member of the American College of Physicians, American Society of Internal Medicine, American Society of Nephrology, American Society of Tropical Medicine and Hygiene, American Association for the Advancement of Science, Louisiana State Medical Society, American Society of Parenteral and Enteral Nutrition and the Council on Hypertension of the American Heart Association.

Dr. Blondin is on the Board of Trustees at North Monroe Hospital and was Chairman of the Board of Trustees in 1989. She is on the Council on Federal Legislation for the Louisiana State Medical Society, and she is on the Executive Committee of the Ouachita Parish Medical Society. Dr. Blondin was President of the End Stage Renal Disease Network Coordinating Council for Louisiana, Arkansas and Oklahoma for six years and served on its Medical Review Board in 1988. She is also on the Board of Trustees for the National Kidney Foundation of Louisiana.

In addition to her appointments and memberships, Dr. Blondin has authored over thirty professional journal publications.

ACADEMIC HERALDRY: THE SYMBOLS OF LEARNING

The college or university commencement procession today, in this Nation and abroad, is a pageant, alive and bright with dress and ceremony inherited from the medieval European universities of the eleventh and twelfth centuries.

To preserve their dignity and meaning, it became necessary for those universities to set rules for academic dress. American universities agreed on a definite system in 1895 and set up a suitable code of academic dress for the colleges and universities of the United States. In 1932, The American Council on Education presented a revised code which, for the most part, governs the style of academic dress today.

The principle features of academic dress are three: the *gown*, the *cap*, and the *hood*.

The Gown. The flowing gown comes from the twelfth century. It has become symbolic of the democracy of scholarship, because it completely covers any dress of rank or social standing beneath. It is gray for the Associate degree and black for all other degrees, with pointed sleeves for the Associate and Bachelor's degree; long, closed sleeves for the Master's degree with a slit for the arm; and round, open sleeves for the Doctor's degree. The gown worn for Associate, Bachelor's or Master's degree has no trimmings. The gown for the Doctor's degree is faced down the front with velvet and has three bars of velvet across the sleeves in the color that represents that particular faculty or discipline to which the degree pertains. For certain institutions the official colors of the college or university may appear on the gown or its decorations.

The Cap. The freed slave in Ancient Rome won the privilege of wearing a cap, and so the academic cap is a sign of the freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as a square to symbolize the book, although some authorities claim that the mortarboard is a symbol of the masons, a privileged guild. The color of the tassel on the cap denotes the discipline, although a gold tassel may be worn with any Doctor's gown.

The Hood. The heraldic hood is an inverted shield with one or more chevrons (an insignia consisting of a V-shaped bar or bars) of a secondary color on the ground of the primary color of the college or university. The color of the face of the hood denotes the discipline represented by the degree; the color of the lining of the hood designates the university or college from which the degree was granted.

COLORS DISTINCTIVE OF CERTAIN DISCIPLINES AND PROFESSIONS

Green: *Medicine*

Lilac: *Dentistry*

Blue: *Philosophy*

Yellow: *Science*

Apricot: *Nursing*
